A. **Taber’s Cyclopedic Medical Dictionary**

- From the library’s main page, click on the *Databases* tab
- Click on the letter *S*
- Scroll down and click on the link for the *STAT!Ref* database
- Scroll down the menu on the left side and click on the link for *Taber’s Cyclopedic Medical Dictionary*
- In the top search box, type in *hpv*
- Underneath the search box, click on the link, *Search within this title*

B. **AccessMedicine**

- From the library’s main page, click on the *Databases* tab
- Click on the letter *A*
- Scroll down and click on the link for the *AccessMedicine* database

**Overview**
- Quick Reference
- Drugs
- Multimedia
- Cases
- Study Tools
- Patient Education

**Search #1 – General**

- Type *hpv vaccine* into the search box at the top

**Search #2 – Within a Specific Book Title**

- Click on the *Advanced Search* link located at the end of the general search box
Check the box in front of the desired book title, e.g., *CURRENT Diagnosis & Treatment in Family Medicine*

Type *hpv vaccine* into the search box at the top

C. **PubMed** – Links to searching help:
   http://guides.emich.edu/c.php?g=645370&p=4522942

**Simple Search**

#1
- In the single search box, type in *mandatory hpv vaccine* and hit the *Search* button

#2
- In the single search box, type in *legislation hpv vaccine* and hit the *Search* button

#3
- In the single search box, type in *law hpv vaccine* and hit the *Search* button

#4
- In the single search box, type in *jurisprudence hpv vaccine* and hit the *Search* button

#5
- In the single search box, type in “*health policy*” “*united states*” *hpv vaccine* and hit the *Search* button

**Applying Filters/Limits**

**Important Note:** Each time an item on the filter is checked, the limit is applied to the search. The limits remain applied until you remove them by clicking on the *Clear All* link located under the results.

- Once you see the results, you will be able to apply the filters on the left side of the screen, i.e., *Species, Article types*, etc.
- Check the box in front of the appropriate limit

**Applying Article Type Filters**

- These are some of the limits available under the *Article types*... *customize*...filter:
  - Clinical Trial
• Meta Analysis
• Practice Guideline
• Randomized Controlled Trial
• Systematic Reviews

➢ These are some of the opinion and letter filters available under the *Article types...* customize...filter:
  • Comment
  • Editorial
  • Letter

**Position Statements**
  In the box, type in *position statement* followed by the topic

**Search within a Specific Journal Title**

➢ Go back to the PubMed main page
➢ Click on the *Advanced Search* link located underneath the regular search box
➢ Under the *Builder* area, use the drop-down menu to highlight *Journal*
  e.g. #1
  • Type in *new england journal of medicine*
  • In the *All Fields* box below, type in *hpv vaccine*

  e.g. #2
  • Type in *annals of medicine*
  • In the *All Fields* box below, type in *hpv vaccine*

**D. PubMed Clinical Queries** – This is a pre-set search that limits the results to specific clinical research areas

  e.g. *hpv vaccine*

  ➢ Notice that the results are divided into three sections: 1) Clinical Study Categories, that can be further broken down by category & scope, 2) Systematic reviews, 3) Medical Genetics
  ➢ For evidenced-based articles, view the results from the Clinical Study Categories and Systematic Reviews

**E. PubMed Health** - This web site summarizes information based upon multiple evidence-based reviews of clinical trials. These ‘clinical effectiveness reviews’ focus on methods and treatments that have been proven to be effective. Targeted to clinicians and consumers

  e.g. *hpv vaccine*
F. CINAHL - Cumulative Index to Nursing and Allied Health Literature

VERY IMPORTANT NOTE: Always make sure you are in Advanced Search mode when running searches

Keyword Searching

#1
- In the first search box, type *hpv vaccine*
- In the second search box, type *law*

#2
- In the first search box, type *hpv vaccine*
- In the second search box, type *legislat*

#3
- In the first search box, type *hpv vaccine*
- In the second search box, type *jurisprudence*

#4
- In the first search box, type *hpv vaccine*
- In the second search box, type *legislation*

#5
- In the first search box, type "hpv vaccine""
- In the second search box, type, in "health polic*" "united states"

Clinical Queries - a pre-set search that limits to specific clinical research areas
- Type your topic in a search box
- Limit to the type of clinical information you are interested in, i.e., therapy, prognosis, review, qualitative study, causation, then highlight best balance in that category, e.g. Qualitative - Best Balance

Limiting Articles to Specific Publication Types
- Type your topic in a search box
- Highlight the type of article you wish to retrieve by scrolling down to the Publication Type menu, then highlighting the chosen option.

Below is a select list of publication types available:
- Case Study
- Commentary
Position Statements

- In the first box, type in “position statement*”
- In the second box, type in your topic

G. Locating More Recent Articles Using Cited Reference Searching

1) Web of Science
- In the search box, type in: “hpv vaccine" mandatory
- Note the Times Cited located to the right of the journal citation

2) Google Scholar
- In the search box, type in: “hpv vaccine" mandatory
- Note the Cited by link underneath the abstract
